SUNNY DAYS

The art of enjoying everyday life and the freedom of living outdoors are a genuine pleasure with a Lewens awning. Whether your preference is for peace and relaxation, romantic togetherness, the lively tempo of family life in the fresh air or a barbecue with friends, outdoor living under the awning is simply easier.

THE FAMILY SYSTEM

FAMILY hinged-arm awnings offer the ideal shading solution for patios and balconies. With variable widths that are centimetre-accurate up to 700 cm (1950 cm when linked) and a maximum drop of up to 400 cm, they can be used virtually anywhere. Lewens awnings excel in terms of quality and are easy to install, with clean lines and a variety of optional features.

The FAMILY series is the classic Lewens system with proven **support tube technology**, boasting sturdy Lewens quality, easy operation and a range of installation options.

Choose your favourite model:

FAMILY CLASSIC

The classic type in our FAMILY series. Its hallmark is the **characteristic valance**.

Suitable for large areas with a max. width of 700 cm and 400 cm drop.*

The optional Vario Valance offers variable shade from the sun and privacy.

Read **more on page 6**.

FAMILY DESIGN

Adds a subtle hint of fashion. Its characteristic feature is the elegant **designer front profile**.

Suitable for large areas with a max. width of 700 cm and 400 cm drop.*

The XXL arms option permits a large drop with particularly narrow awnings.

Read **more on page 8**.

FAMILY COMPACT

Combines the protective function of a cassette awning with the proven support tube technology of the FAMILY series. It is characterised by its **compact cassette dimensions**.

Suitable for medium-sized areas with a max. width of 650 cm and 350 cm drop.*

Read **more on page 10**.

* Please refer to the technical data in the current Lewens price list for possible dimensions and restrictions.

FAMILY CLASSIC

*"Daddy,
why doesn't Mummy
have a beard?"*

*That's how we like
our summer!*

A glorious summer morning – the sun is peeping around the corner, birdsong is in the air and the scent of lawn and flowers mingles with a fresh coffee aroma. The perfect spot for a family breakfast in the pleasant shade of the awning. Crumbs and mess permitted!

Our FAMILY CLASSIC awning exudes proven Lewens quality, optimum user-friendliness and a summery appearance with its characteristic valance. The choice is yours: opt for the **Open**, **Rain Cover** or **Encased** type. For even greater comfort you can equip your FAMILY CLASSIC with a range of interesting **optional features**:

- ▶ **Vario Valance**
Variable shade from the sun and privacy – the “roller blind” on the awning.
- ▶ **LEWENS-Matik**
Smooth pitch adjustment to take account of the sun's position.
- ▶ **Radio remote control**
- ▶ **Automatic weather monitoring**
- ▶ **Lighting strip**
- ▶ **Patio heater**
- ▶ **Support legs**

More details on page 12 onwards.

OPEN TYPE

On the basic FAMILY CLASSIC type, the awning fabric roller is exposed or “open”. Round end caps at the sides and the fabric cover shell on the front of the fabric roller give the awning a harmonious appearance.

Family Classic – Open type

RAIN COVER TYPE

The **protective cover** on the family classic RAIN COVER type protects the awning when retracted against dust, rain and other effects of the weather.

ENCASED TYPE

Equipped with a **protective cover and back plate**, the ENCASED model of the FAMILY CLASSIC provides secure all-round protection for the fabric roller.

The side caps are of the same design as for the RAIN COVER type.

FAMILY DESIGN

*"... but it's actually
much nicer here."*

*... that's exactly
what I want!*

Why take off to distant climes? The canopied patio as a stylish extension of the living room is catching on everywhere. Top-class awnings, outdoor furniture and all the time in the world to travel without ever leaving home. Head for the patio, it's holiday time!

Our FAMILY DESIGN adds a subtle hint of fashion and its designer front profile fits perfectly into the garden image. Superior Lewens quality, ease of operation and attractive accessory features. The choice is yours: **Open**, **Rain Cover** or **Encased** type. For even greater comfort you can equip your FAMILY DESIGN with interesting **optional features**:

XXL Arms

If only a small width is available for the awning and yet a large drop is required, XXL arms offer the perfect solution. Can be supplied for: **OPEN**, **RAIN COVER** and **ENCASED** types.

Radio remote control

Automatic weather monitoring

Patio heater

Lighting strip

Support legs

More details on page 12 onwards.

The clear-cut design of the front profile gives the FAMILY DESIGN its characteristic modern shape.

OPEN TYPE

On the basic FAMILY DESIGN type, the awning fabric roller is exposed or "open". Round end caps at the sides and the fabric cover shell on the front of the fabric roller give the awning a harmonious appearance.

RAIN COVER TYPE

The **protective cover** on the FAMILY DESIGN RAIN COVER type protects the awning when retracted against dust, rain and other effects of the weather.

ENCASED TYPE

Equipped with a **protective cover and back plate**, the ENCASED type of the FAMILY DESIGN provides secure all-round protection for the awning roller.

Family Design – Rain Cover type

FAMILY COMPACT

*"... always keeping sight
of the real values."*

*... finally,
time to relax
properly!*

Sometimes you get the feeling that time stands still, that inside and outside are in perfect harmony – especially when you are enjoying nature and the garden from the shade of your awning and focusing on the important things in life: reading novels, daydreaming and re-charging your batteries.

The distinctive features of our FAMILY COMPACT are its superior quality, ease of operation and high value retention. Whether in **cassette** or **semi-cassette** form, its classic design lends tranquillity to the home and creates a holiday mood.

For even greater comfort you can equip your FAMILY COMPACT with the following **optional features**:

- **Radio remote control**
- **Automatic weather monitoring**
- **Lighting strip**
- **Patio heater**
- **Support legs**

More details on page 12 onwards.

The FAMILY COMPACT combines the protective function of a cassette awning with the ease of installation of a support tube awning.

This high-quality cassette awning **fits snugly against the wall** and offers a high degree of comfort and superb technical features.

*Family Compact
Semi-cassette/Cassette type*

SEMI-CASSETTE TYPE

The SEMI-CASSETTE type of the FAMILY COMPACT is closed on three sides: the protective cover, base profile and close-fitting front profile protect the awning fabric and mechanism from dust, rain and the effects of the weather when the awning is retracted.

CASSETTE TYPE

Equipped with a unique **protective casing** for the awning roller, the FAMILY COMPACT is transformed into a CASSETTE that is closed on four sides, offering all-round protection for the roller.

OPTIONS

FAMILY DESIGN

XXL Arms

If only a small width is available for the awning and yet a large drop is required, the FAMILY DESIGN with its **XXL arms** that overlap in two planes is the ideal solution.

- Can be supplied for: Open, Rain Cover and Encased types

FAMILY CLASSIC

Vario Valance

The Vario Valance offers variable shade from the sun and privacy while retaining the headroom below the awning.

- Delivered as **standard with crank operation** and covered with **acrylic fabric**
- Hanging heights: 150 and 200 cm

Features incurring an **extra charge**:

- Soltis 92 fabric
(Hanging height then approx. 160 cm)
- Vario Valance with radio control motor
(Only on awning with radio control motor; hanging height then 150 cm in acrylic and 160 cm in Soltis 92)

(Cannot be used in combination with patio heater and/or Lewens-Matik.)

Lewens-Matik

An additional gear mechanism enables the awning pitch to be adjusted smoothly from 5° to 52° to adapt it to the position of the sun.

- Can be supplied for: Open, Rain Cover and Encased types up to max. 600 cm width and max. 350 cm drop).

(Cannot be used in combination with lighting strip, Vario Valance and/or patio heater.)

OPTIONS

ALL MODELS

e.g. Family Compact

Lighting strip

The lighting strip (halogen lamps) provides suitable illumination and creates a pleasant ambience on the patio or balcony.

- Includes transformer and 300 cm of cable
- Supplied in the awning frame colour
- Optional: dimmer function and/or control via hand-held transmitter

(Cannot be used in combination with patio heater and/or Lewens-Matik.)

white (RAL 9010)

titanium silver

Patio heater

Provides cosy warmth under the awning, even on chilly days.

- 2000 watts, tilt range 30 °, provides uniform heating in a surrounding area of up to 16 m², instant heat emission with no warm-up phase
- Optional: control via hand-held transmitter

(Cannot be used in combination with sun and wind sensor.)

e.g.
Family
Design

Support legs

The awning can be optionally fitted with support legs for greater stability and wind-resistance.

- height-adjustable from 180 to 300 cm
- incl. base plate and connector for front profile
- leg and base plate in silver, connector in frame colour

(Cannot be used in combination with sun and wind sensor.)

Sun and wind sensor

Wind
sensor

Radio remote control, automatic weather monitoring

With the **radio remote control**, all radio-controlled electrical components can be conveniently operated using a single controller, eliminating annoying control cabling on the wall. The **sun and wind sensor** gauges the sun and wind – and the awning is extended and retracted automatically!

LEWENS awnings are fitted with high-quality **Somfy** power components.

The Vario Valance offers tailor-made shade when the sun is low in the sky ...

... and after sundown the lighting strip creates a party atmosphere!

Bask in a cosy glow even on cool days with the patio heater ...

With support legs the awning can withstand light breezes too.

Why get up?
The remote control is always to hand.

The perfect complement to your FAMILY awning:

The MICRO 700 side screen awning turns your patio, balcony or loggia into your refuge. You enjoy privacy and protection from the sun and wind as well as a holiday atmosphere!

- Unit height: max. 250 cm *
- Extension: max. 400 cm (depending on height and fabric) *
- Manual operation
- Includes post and wall mounting bracket; other brackets possible (extra charge)
- Frame colours: as for FAMILY awnings
- Fabrics: acrylic and Soltis 92 from our Lewens collection

Simply extend the MICRO 700 using the handle and hook it onto the post. The **bottom castor** permits easy movement. – The awning shaft is fitted with an **anti-kickback brake** for safe, convenient operation.

The fabric for the MICRO 700 can be perfectly coordinated to complement your awning.

You can find further information in the MICRO 700 individual brochure.

* Please refer to the technical data in the current Lewens price list for possible dimensions and restrictions.

FAMILY SYSTEM

All FAMILY models are sturdy, long-lasting, quality awnings incorporating outstanding technical features, the best materials and meticulous workmanship:

- Front profile with double hollow chamber and integral rain gutter
- 40 x 40 x 2 mm console tube, galvanised and powder-coated
- Rust-resistant pins, Teflon-coated bearings, high-grade steel screws

Central hinged arm joint

In the central hinged arm joints, a plastic sheath prevents soiling and corrosion of the double cable and extends its service life. All double cables are lubricated for improved running and reduced friction.

The hinge pins are manufactured from rust-resistant high-grade steel.

Arm bracket

of high-strength aluminium alloy, upper arm fork of forged aluminium.

The arm brackets of the FAMILY CLASSIC and FAMILY DESIGN (top picture) are matched to the contours of the fabric cover shell. The arm brackets of the FAMILY COMPACT (bottom picture) are additionally fitted with a support and high-impact screw.

Front profile bracket

Front profile bracket

The front profile bracket connects the arms securely to the front profile and permits easy adjustment of the angle.

Hinged arms

The extremely high spring tension of the hinged arms guarantees a superbly taut sit of the fabric and largely prevents the awning fabric from resting on the arm hinges.

Hinged arm, spring

Arm bracket, support tube and end cap

Arm hinges: uniform colour down to the last detail

AWNING FABRICS

With more than 300 samples to choose from, the Lewens collection offers you acrylic and polyester fabrics and also air-permeable screen and Soltis woven fabrics across the entire colour spectrum.

Lewens awning fabrics have been created especially to provide shade outdoors and are treated to make them water- and dirt-repellent. We make the awnings up using the latest sewing techniques for distortion-free seams and also ultrasonic bonding. We have designed our manufacturing facility so that the awning fabrics can be laid out entirely flat (not folded) for making up.

Some of our quality features:

- Secure lockstitch used for making up, optionally also with ultrasonically bonded seam (surcharge).
- Awning and valance are produced from one piece (identical repeat pattern)
- Seams on top and bottom and valance seam neatened (clean completion)
- Repeat-symmetrical completion left and right
- Use of Tenara® quality sewing yarn (also for valances)

No matter which fabric you choose from the Lewens collection, top-class fabrics, high-quality materials and a modern assembly method will guarantee you many years of pleasure from your awning.

VALANCE STYLES

- 1 No extra charge on Family Classic

- 2 No extra charge on Family Classic

- 4 Extra charge always applies

WE GUARANTEE

Advanced technology, high-quality materials and outstanding workmanship in manufacturing guarantee that quality products from Lewens will give reliable operation and pleasure for many years.

Beyond the implied warranty, Lewens offers an extraordinary long-term guarantee for its sunshade systems via its specialist contractors:

- ▶ **5-year guarantee** on all parts of sunshade systems from Lewens
- ▶ **2-year guarantee** on motors, electric control systems and coatings on awning frames

You can find details of the guarantee scope and services in the current Lewens price list. Please ask your dealer for a copy.

L.UST FOR LIFE

means being able to enjoy the summer outdoors without fear of sunburn, well protected against the heat and glare. Lewens awnings don't just provide shade, they are capable of more: they help us to enjoy the best aspects of summer.

I.NTELLIGENCE

isn't just in the head. Sometimes it is to be found elsewhere, in the technical details and workmanship of high-quality Lewens awnings – so that you, the user, can operate our products without any problems and can find a suitable solution for any task.

F.REEDOM

always has something to do with freedom of choice. Whether it's an awning for a small balcony or large patio or solutions for your conservatory that you need, Lewens specialist dealers provide professional advice and assembly. They are also happy to help you choose the colours and fabrics – so that you are entirely satisfied with every aspect of your awning!

E.ASY LIVING

is now more in demand than ever. Everyday life is stressful enough, the world turns ever faster and the pace of news quickens. It's good to have time to unwind and be able to relax with family and friends. It is precisely for these valuable occasions that we have created our awnings.

Your stockist will be happy to advise you:
